IPHONE

- For initial setup, follow the directions in the User Manual that came with your device and download any necessary software to your computer (iTunes). **It's a good idea to get to know all the basic functions of your device.**
- On your iPhone, in the iTunes App Store, search for and download the free OverDrive Media Console App (Overdrive App). This requires wireless Internet access (or your carrier's data access).
 - You will need to set-up an Apple ID (if you haven't already). This ID is required to download anything (including apps) from the iTunes Store.
- On your iPhone, find the OverDrive App. When you select it, you will be prompted to create an Adobe ID. Go online (on your device or a computer to create an Adobe ID. This allows you to download eBooks and audiobooks to your device while ensuring that copyright is respected).
 - Website: <https://www.adobe.com/cfusion/membership/index.cfm>
- Once you have obtained your Adobe ID, authorize your device in the OverDrive App.
 - Get Books -> Settings -> Authorize (you will need an internet connection).

Now all the setup is done and you're ready to download!

IPHONE

Through Mae S. Bruce Library and Overdrive, you can download eBooks, audiobooks, music and videos for free! All you need is a library card and a compatible device. There are multiple formats of eBooks and audiobooks on Overdrive. The iPhone supports the EPUB eBook format (not PDF), as well as both the MP3 and WMA audiobook formats. You will need to download the free OverDrive App to your iPhone before using OverDrive.
